

Department Profile

Vision of the Institute:

To be among the best of the institutions for engineers and technologists with attitudes, skills and knowledge and to become an epicenter of creative solutions.

Mission of the Institute:

To achieve and impart quality education with an emphasis on practical skills and social relevance.

Vision of the Department:

The Vision of Electrical and Electronics Engineering Department is to become a nationally and internationally leading institution of higher learning, building upon the culture and values of universal science and contemporary education, and a center of research and education generating the knowledge and the technologies which lay the groundwork in shaping the future in Electrical and Electronics Engineering.

Mission of the Department:

To provide technical knowledge and soft skills required to succeed in life, career and help society to achieve self-sufficiency.

In support of the Mission of EEE department the following departmental goals have been established.

Departmental Goals:

- 1. Quality Instruction:** To assure consistently high-quality instruction in all modes of delivery.
- 2. Student Success:** To work collaboratively with other areas of the college to encourage students to achieve their goals and succeed in work and or continued education.
- 3. Program and Curriculum:** To develop, market and maintain quality programs that are responsive to the needs of our service area.
- 4. Professional Development:** To foster continuing education and professional development for faculty and students.
- 5. Technology:** To employ appropriate technologies effectively to enhance instruction and student learning.
