Summary of the Event	The event started with an introduction and splitting of teams. The event started at 04:00 PM in google meet which was attended by 25 participants. We started the event by splitting each team into scribblers and riddlers. Scribblers were asked the technical questions one by one then the teams who answered were given a chance to draw. Riddlers guessed the answers with huge interest and enthusiasm which made the whole event joyful and interactive. We ended the event with the declaration of the winning team and a vote of thanks.
